its living things — for the earth sustains your
life and mine —

ever looking upward to the sunshine and
the rain — ever seeking beauty in the distant
start — ever moving in life's mysterious circle
— ever portraying life's infallibility —

the bursting seed —

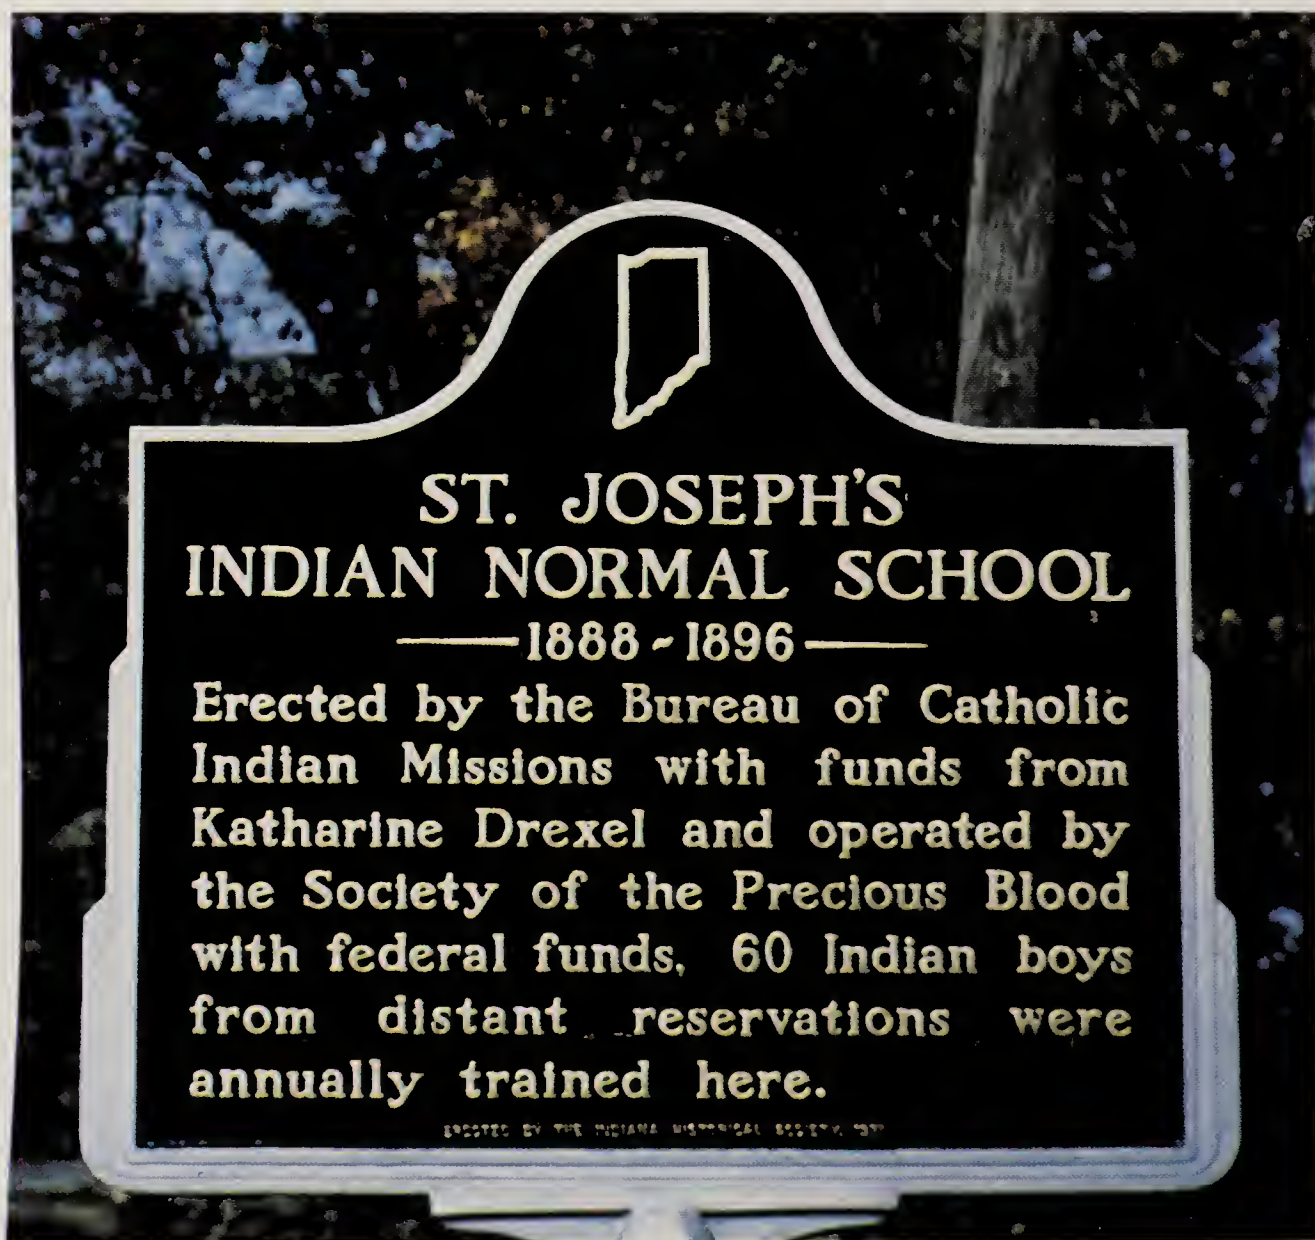

the fruit — the frost —

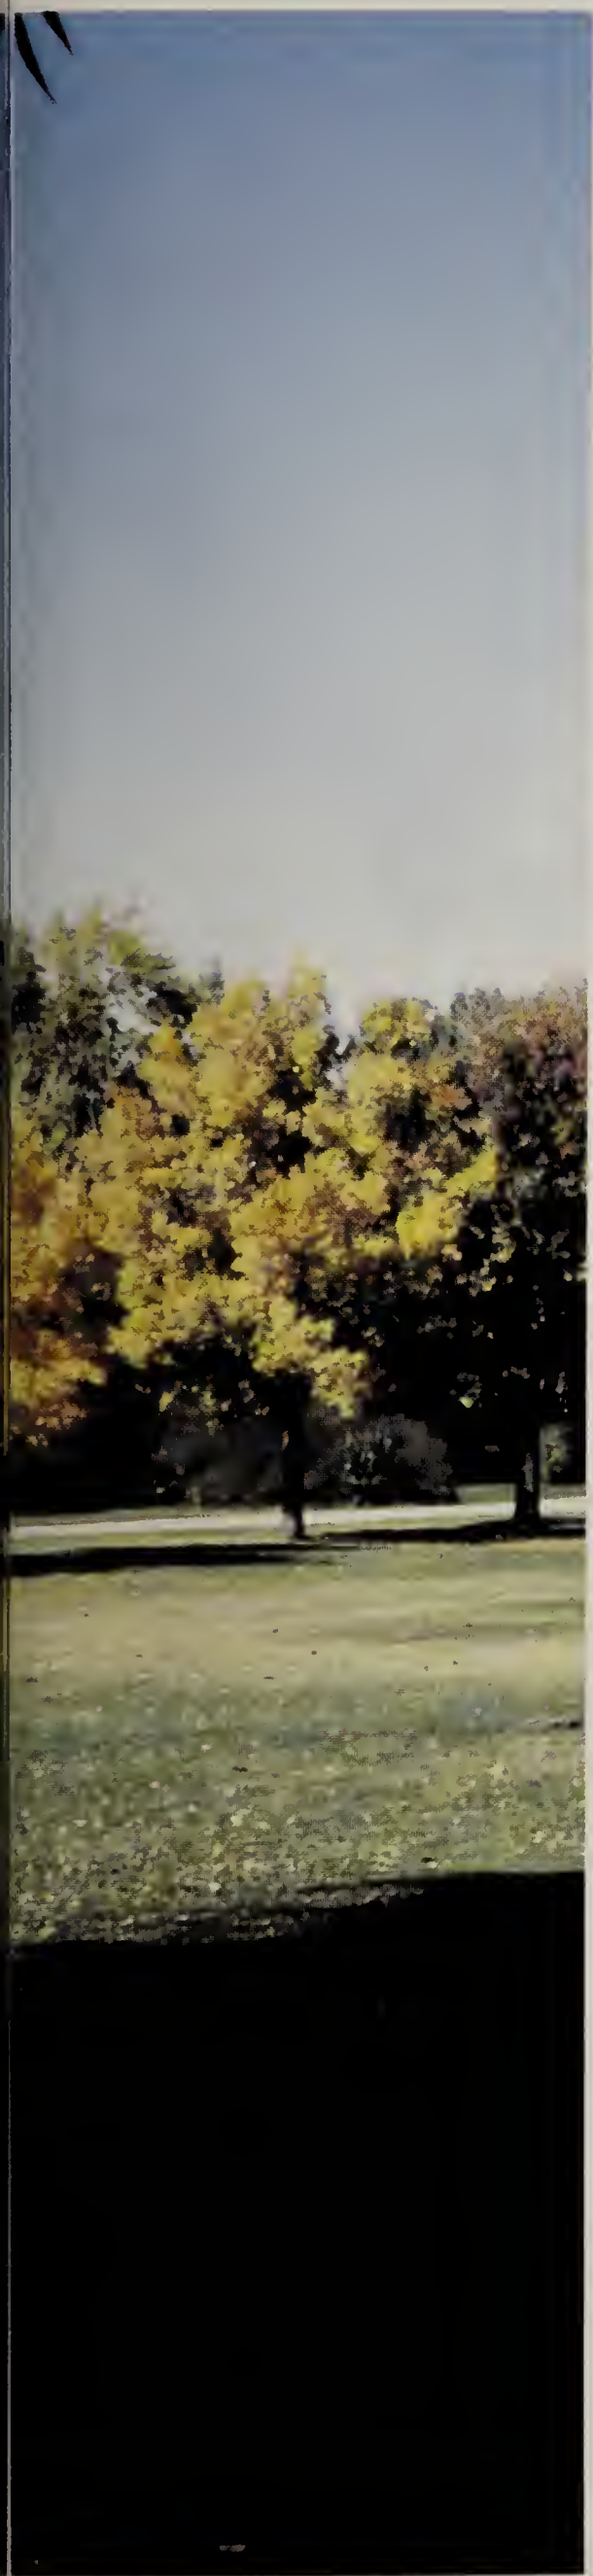

and yet another seed —

become a friend of the patient and gentle

Autumn

The summer fades into the cool skies of autumn bringing with it football games, Core lectures, Homecoming, and mid-term exams . . .

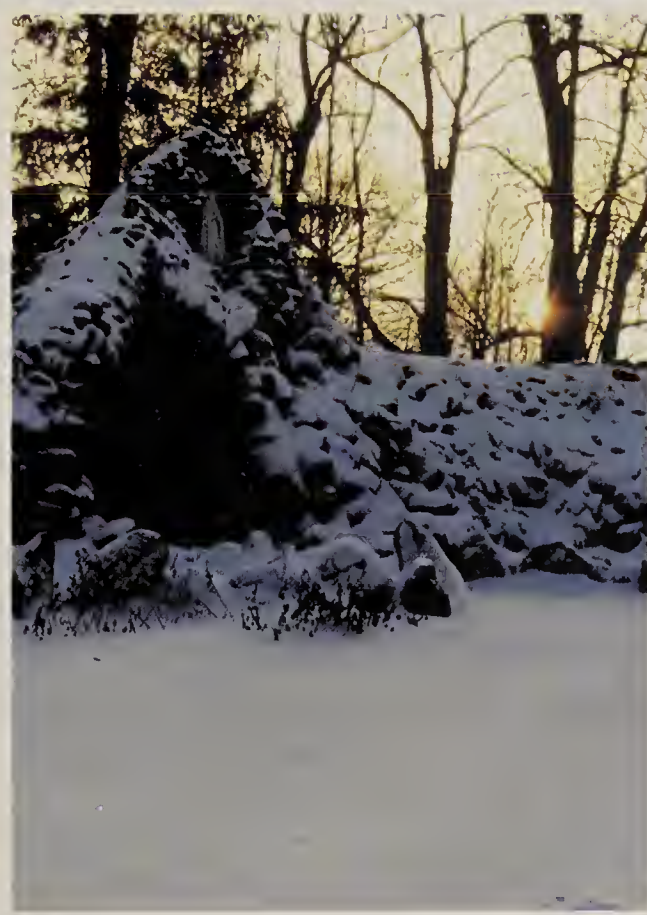

Winter

The brilliant colors of
autumn are transformed into
the stark and cold days of
winter and term papers,
final exams, and holiday cele-
brations . . .

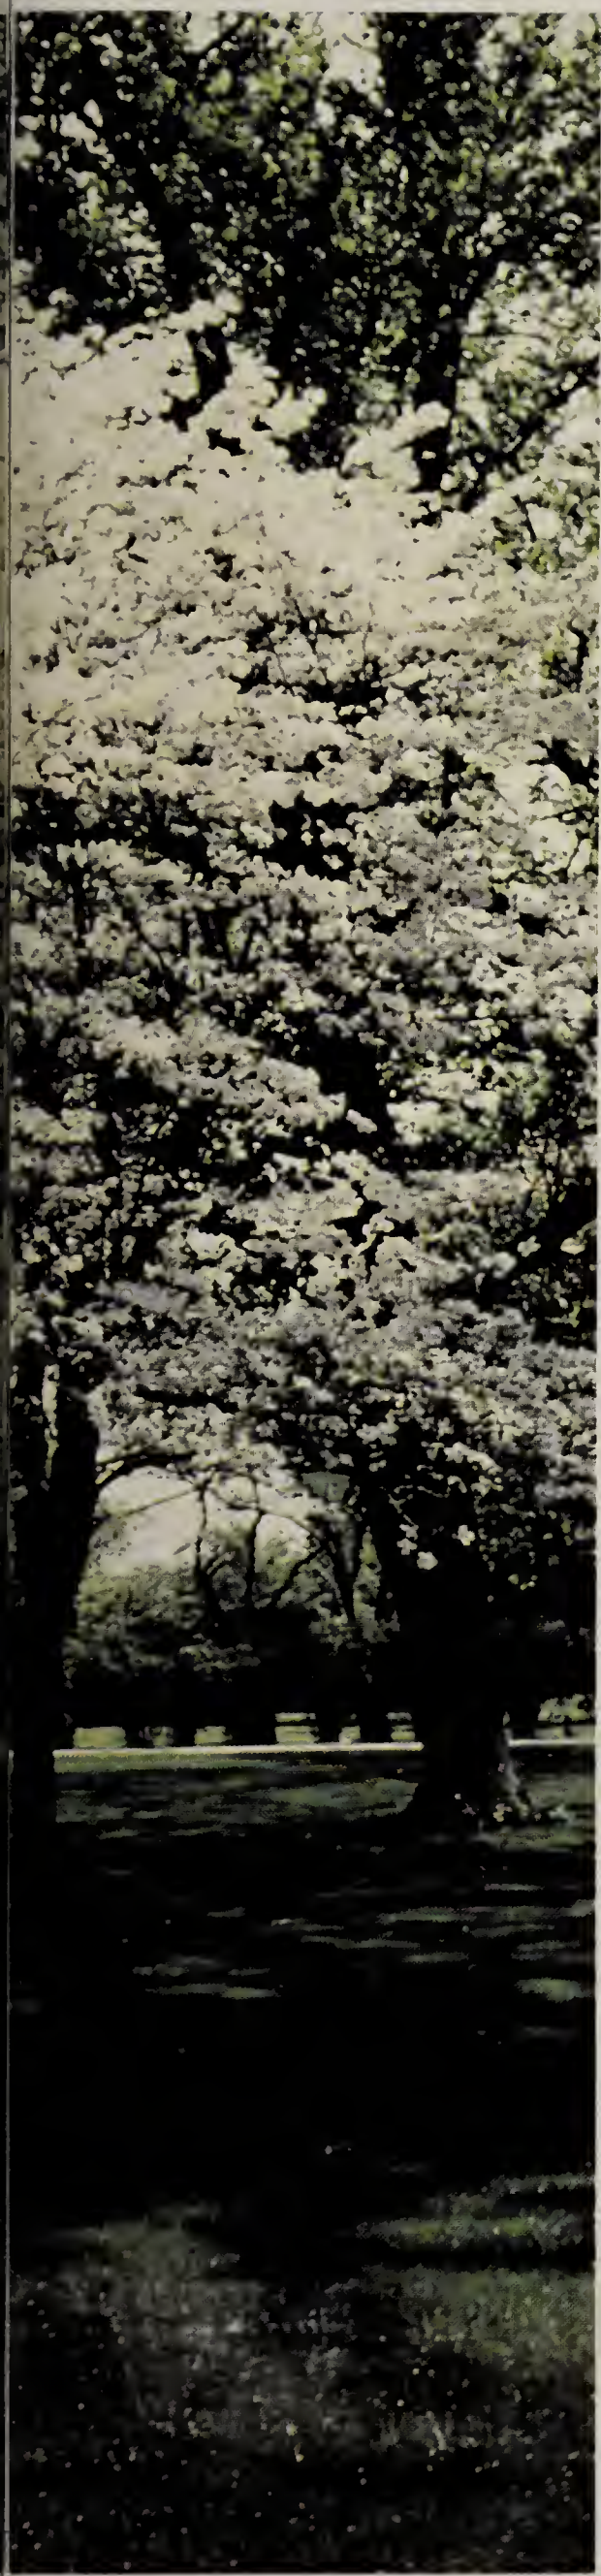

Spring

The snows and bitter winds
of winter retreat as the
awakening of spring signals
the start of softball games.

Summer is a time for

getting a tan and part-time job,

picnics on the beach and softball
games,

family vacations and partying with
friends.

Summer is a time for

barbecues and taking classes,

camping and going to concerts,

eating ice cream and driving a
convertible.

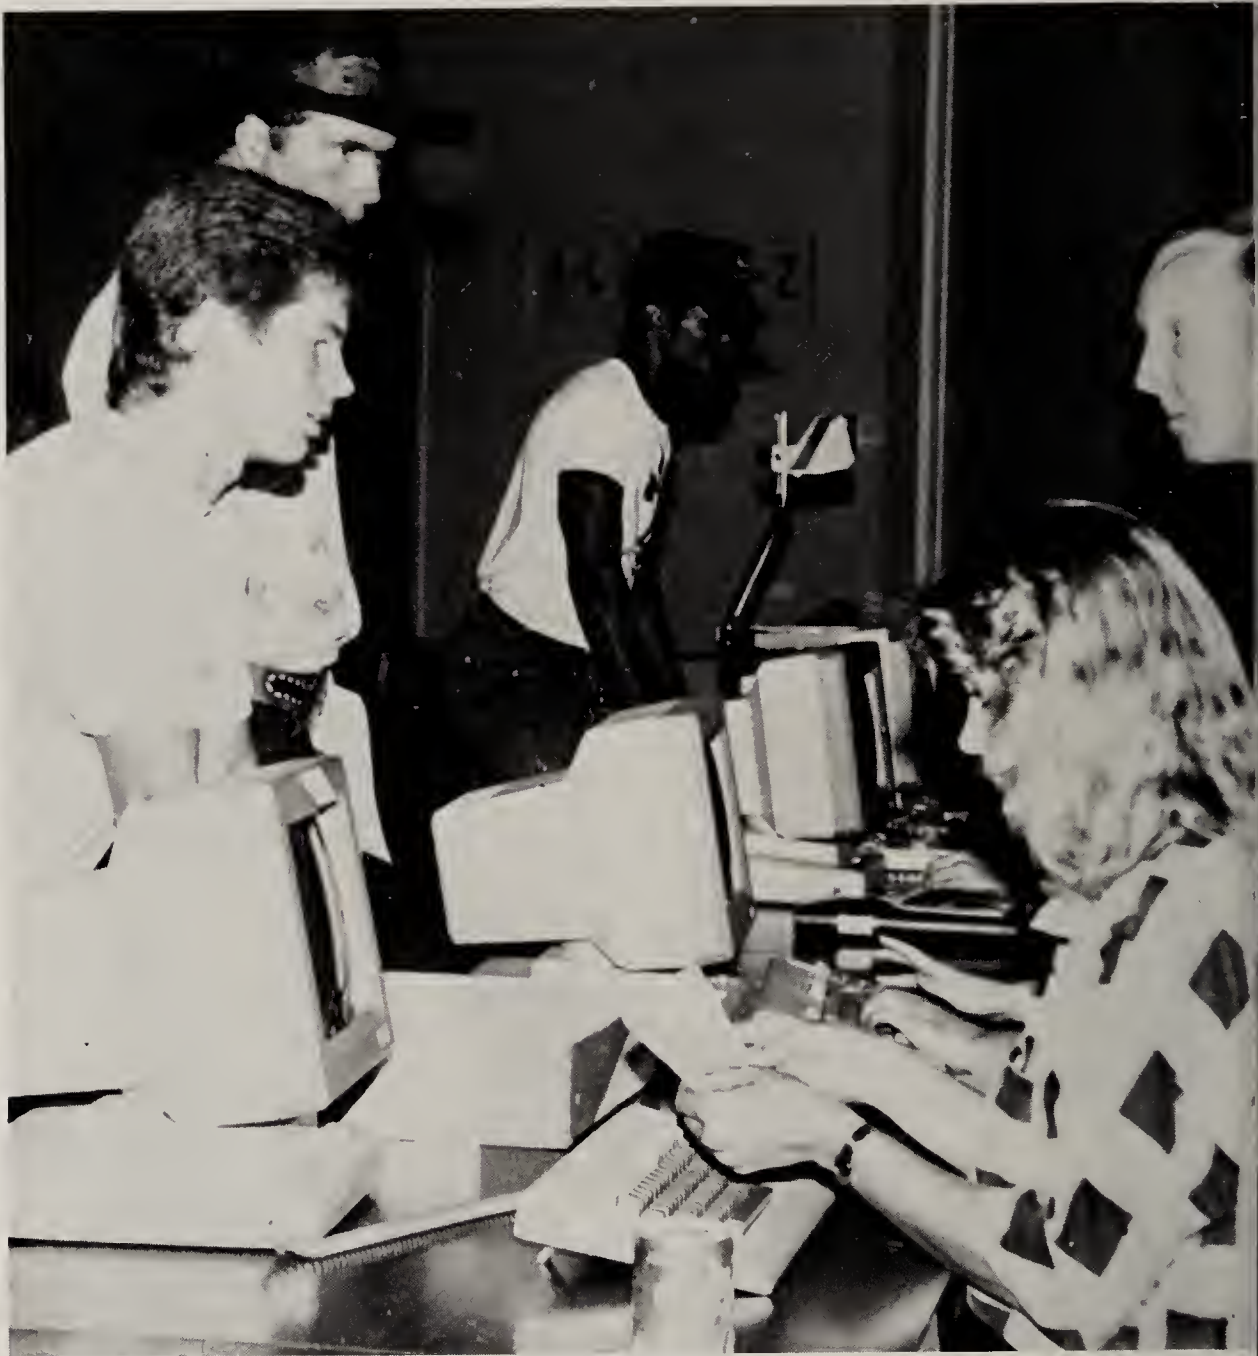

Summer is the time to

spend with family and friends

to share the sunshine, the laughter,

and the fun before the new school
year begins.

SUMMER

Orientation

After a summer of preparation Orientation 1985 began on Friday, August 23, 1985 with the arrival of the Class of 1989. Guided by the Residence Life Staff and the Freshman Leaders, the newest members of the College community were taken through their first steps of college experience at Saint Joseph's College.

With excitement and some apprehension, the new students became enrolled, moved into their respective halls, were welcomed at a dinner hosted by the administration of the college, and met with their academic advisors. Their first day on campus ended with meetings in the residence halls. On Saturday the new students registered for classes, participated in some testing and completed their day with an ice cream social and enjoyed entertainment provided by singer Linda Black. The following day began with the traditional Opening Day Mass, the arrival of the upperclassmen, and culminated in an all-college picnic at Lake Banet Park.

People Of The Community

The following pages give us a glimpse of the various people on campus who keep things running smoothly as possible. Whether it is working in the library and cafeteria, performing presidential and administrative duties, working here at St. Joe's is these people's livelihood. Some have devoted 20 to 25 years to this institution, each playing their own part in helping students make it through their college years.

SUMMER FUN

Summer remained in full swing as the beginning of a new school year crept up on returning students. The Special Events Committee sponsored a pig roast at Lake Banet on Labor Day, the first weekend back on cam-

pus. As an added plus, entertainment was provided by Kathy and Diana, a guitar playing/singing duo.

The September Series, also at Lake Banet, replaced the Pumafest of previous years. The organization was

revamped to heighten student involvement.

The Justin picnic and Gallagher Softball Marathon were other scheduled events that took advantage of the last bit of summer weather.

OUTDOOR FUN

CONTESTS

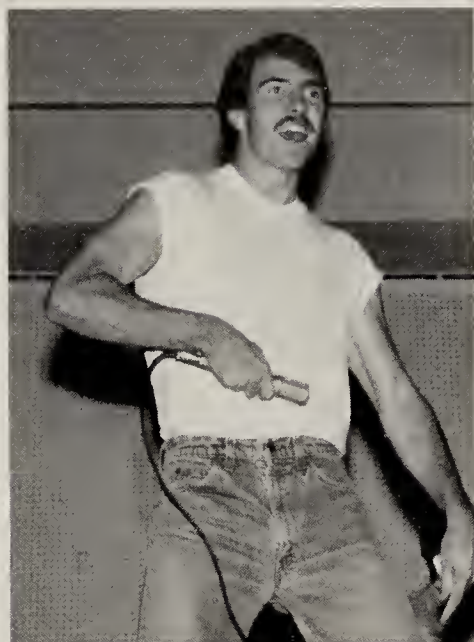

As the summer sun faded, events moved to the more even tempered indoor climate.

Make Me Laugh guaranteed that no one present could last without a smile appearing on their face. Various students were brought on stage as a team of comedians went to work, cracking smiles on all the "victims" called forward.

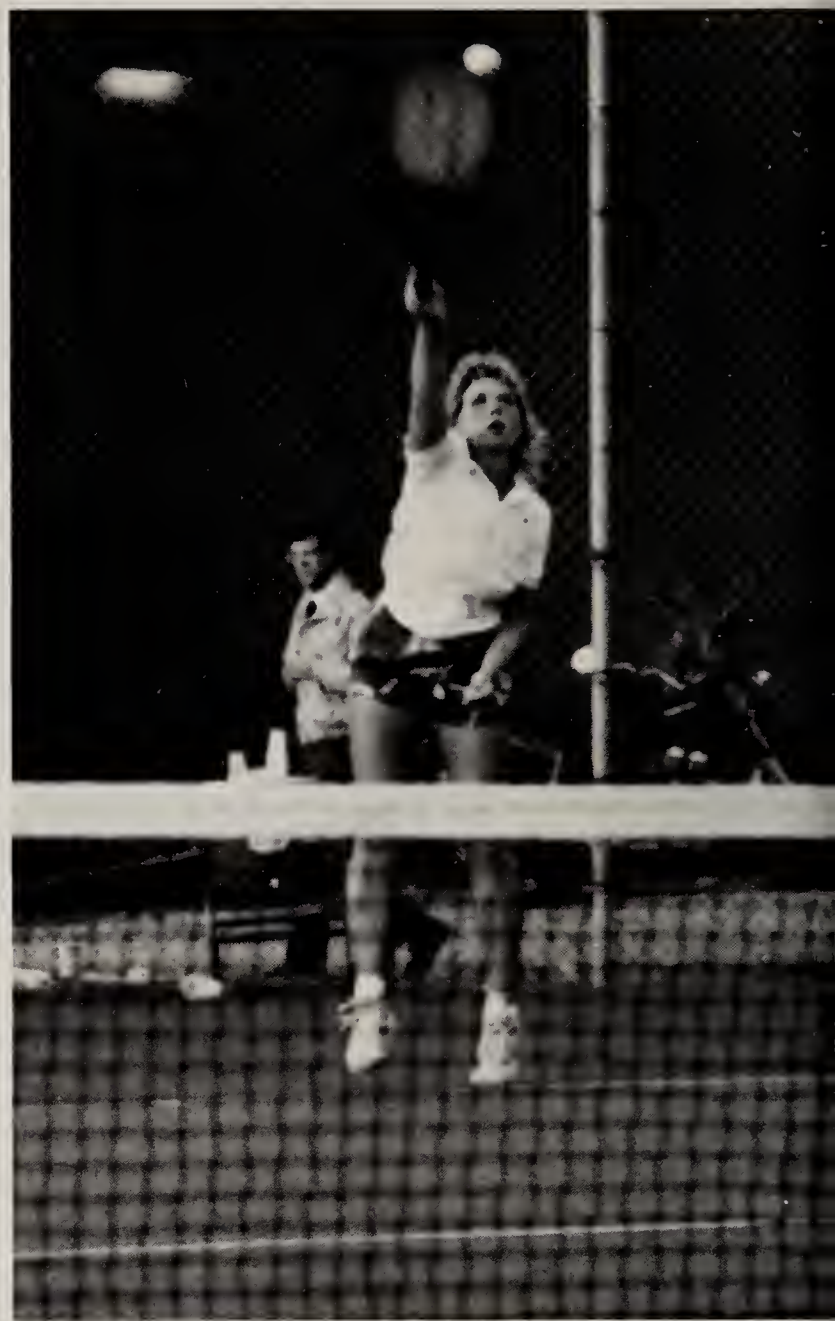

The annual air guitar contest again brought students to the auditorium in search of the best imitators of favorite song stars. Dennis O'Hara as Bruce Springsteen captured first prize with the groups of Paul Sommers (Time Warp) and Chris Nagy (Fat Bottomed Girls) closely following with second and third prizes.

Soccer had a good year under coaches Chris Zanowski and Ernest Watson. This was a year to build on with over half the team beginning the season as eager freshmen. The team would go on to win 4 games and lose 9, but the greatest challenge facing the individual players was to learn to work together as a team.

CURRENT EVENTS

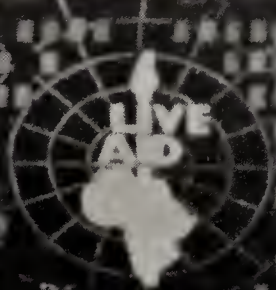

There is a tendency to feel isolated from the world while we are on campus. It is only when world disasters happen that we realize that Saint Joseph's College is only a small part of the world. The following pages are to remind us in pictures and headlines of the world around us and how we react to it. Whether it be our participation in the mock U.N. convention held at Butler University or the World Food Day, we as a community must learn not to separate ourselves from the realities of the world.

What Can Be Done?

South Africa's turmoil corners Reagan and works a change in the American political landscape.

A HEAVENLY VIEW OF A HURRICANE

First there was Bob. Then came Danny and Elena. Gloria threatened the Northeast but turned out to be a blowhard. She was followed by Juan and Kate. Altogether, these hurricanes caused \$5 billion damage and 36 deaths. From the space shuttle *Discovery*, 270 miles over the Gulf of Mexico, Elena looked like a little bit of heaven. But hours after this picture was taken on September 2, following four days of zigzags up the Gulf Coast, Elena raged into Mississippi at 125 mph—with seven tornadoes in her wake.

Oh no... Every time I kill someone I lose my license for a month! I hate it when that happens.

...license plate on his new red Corvette reads "PR 4192" and here isn't a baseball fan worth his Wheaties who doesn't know what it means. On September 11 at precisely 8:01 p.m., 44 year old Peter Edward Rose strode to the plate at Cincinnati's Riverfront Stadium and with one swing of the bat put his name above Ty Cobb's for "Most Hits, Career." Rose's timing couldn't have been finer. In a year when fans suffered revelations of extenuating labor by players, interminable labor talks, a ministrike and two more Billy Martin barroom brawls, the accomplishments of Rose and a few other milestone achievers were a spectacular antidote to the pain. The big hit, when it finally came, brought on a seven-minute standing ovation from 47,237, the Corvette (presented by Reds owner Marge Schott), countless proper Marge Schott, countless proper motions (including Rose on 12 million boxes of the Breakfast of Champions) and, from the man himself, some rare tears. Then he got the obligatory call from Ronald Reagan. "Thank you, Mr. President," said Charlie Hustle, who added as only he could, "You missed a good ball game."

Disaster In Mexico

¹ Another interesting question arises: are there any factors for the other groups?

On Sunday, April 14, 1912, at 11:49 p.m. the world's largest and most luxurious ocean liner was speeding through North Atlantic when an iceberg slashed a 300-foot gash starboard side. Two hours and 40 minutes later, ship doubled, uncontrollably disappeared into the sea. Sunday, September 1, 1983, at one a.m. seven engineers studying TV monitors on the U.S. Navy research ship, 400 miles off the coast of Newfoundland, saw a cluster of metal debris and the silhouette of a ship's bow washed across a screen. The viewers cheered. 12,000 below, they realized, lay the Titanic. Over the next five thousands of images of the "floating palace" were shown, including this photograph of the bow deck and railing the starboard bow. Shortly after the find, the team climbed on the installment to conduct a memorial service for 1,503 lost in the disaster. It was the same hour-and same place—the Titanic had gone down 70 years before.

The Student Association officers, Student Union Board, and Student Senate all have, in the interest of the student body, worked towards the betterment of the College community by planning and running activities and speaking out on behalf of students in regard to campus issues.

Class officers have put a great deal of time into organizing activities for their classes as well as the campus at large. Some such events have been loft parties, a bus trip to cheer on the Pumas, and Core XI gatherings for the seniors.

The remainder of the pages are representative of the clubs and organizations that help to add to the excitement on campus and in the community. Some of the groups are an extension of the classroom experience, putting what one has learned in to practice. Other groups come together out of the simple pleasure and enjoyment of sharing a particular sport or interest.

Whatever the means of doing so, these are the people who bring the campus to life.

Accounting Finance

The Accounting Finance Club is an organization that attempts to broaden the members' knowledge of the profession. This year the club tried to accomplish this by having a panel of guest speakers. The club is also responsible for sponsoring the Accounting Study Seminar each week.

The Accounting-Finance Club is very active in all facets of campus sponsored events this year. We won first place in the Homecoming float contest. We also proved most profitable at the C.O.S. Monte Carlo night with our "Over under table."

Business Club

The Business Club is an academic club that seeks to provide extra-curricular activities to support the classroom experience. The club began the year with the desk blotter project and a beef roast. The birthday service was also provided again this year. We entered a float in the homecoming parade, and also had a very successful booth at Monte Carlo (splash).

A trip was taken to the Jays Potato plant and several speakers were sponsored, including Dr. Dave Leining of Micro Data Based Systems, and Mr. Bob Cramer of Career Concepts. Planned for the second semester is a trip to Stone and Adler and Signature Financial Group. Mr. John Fortino of the Quasar Corporation is scheduled to speak to the club on March 13 at 7:30. We also plan to enter a cart in Little 500, along with running the coke booth at that event.

ALPHA LAMBDA DELTA

Alpha Lambda Delta National Freshman Scholastic Honor Society was installed at SJC in April of 1985.

Twenty-eight freshmen were inducted by nature of having achieved a 3.5 G.P.A. for their first year at SJC.

The purpose of the organization as stated in the constitution is: to encourage superior scholastic achievement among students in their first year in institutions of higher education, to promote intelligent living and a continued high standard of learning, and to assist women and men in recognizing and developing meaningful goals for their roles in society.

New members of ALD at SJC are inducted on Parent's Day from among the sophomores who achieved the 3.5 G.P.A. freshman year.

A Book Award is presented each year to the ALD graduating seniors in each chapter who has maintained the highest grade point average.

Senior certificates are presented to graduating members who have maintained the 3.5 G.P.A.

There are fourteen \$3,000 ALD Fellowships awarded annually by the National Council for one year of graduate study. Any member of ALD is eligible to apply as a graduating senior or later.

BLACK STUDENT UNION

The Black Student Union is a social club set up to support and aid the Black students of SJC. The BSU was originally formed in the late 60's and kept active until 1982 when it disbanded.

In November of 1985, Dave Owens of the SJC Economics Department, Mark Wingard, and Brian Morton saw a need for some type of social and support group for the Black population of SJC. Together we reinitiated the BSU and rewrote the constitution of club. Today the BSU is making a great comeback with an increase in membership, a growing treasury, and a calendar full of activities.

Climbing through trees blindfolded, spear-chucking, and competing in inner-tube water relay races was one way the Resident Assistants spent part of their time in preparation for a new school year during their orientation week. This "Survival Skill" segment was to help RAs get to know each other as a group. Other parts of the orientation week familiarized the staff with first aid and fire safety, counseling and guidance, programming, and administrative tasks. The Resident Assistants would use these developed skills during the school year.

Campus Ministry

As one approaches the top of the main steps in Halleck, the Campus Ministry offices come into view off to the left. Usually, the door is open, providing opportunity for the trademark of Campus Ministry — hospitality. Whether they stop for a cup of coffee or hot cocoa, a smile or a listening ear, members of the Saint Joe community can find support and friendship in the members of the Campus Ministry.

Those involved can "meet God in nature" on one of the semester retreats, or find other means of personal growth through evenings of renewal or educational programs. This energy is then transformed into service, both to the Saint Joe community and that of the town of Rensselaer.

Hospitality — Growth — Service: three steps Campus Ministry takes along the paths of Saint Joseph's College.

Courier Club

Admission Couriers are an integral part of the Admissions Office. They are selected at the beginning of each semester by interview. Couriers give tours of the campus to prospective students and their families. They also help with any activities sponsored by the Admissions Office.

But the Couriers are not all work and no fun. A chili party and dinner at Curtis Creek Country Club are only part of the enjoyment of being a Courier.

Columbian Players

The Columbian Players, St. Joe's Theatre group, is the oldest club on campus. Each year we are involved in comedies, dramas, and musicals. The fall of 1985 brought *Whose Life Is It Anyway?* to the SJC stage. In November of 1985 the Columbian Players saw *Fiddler on the Roof* at Beef and Boards Dinner Theatre in Indianapolis. Our current undertaking for the Spring of 1986 is *The 1940's Radio Hour*, a musical.

Homecoming 1985

Homecoming weekend left little time for sitting in your room if you chose to attend the events of the weekend.

Friday and Saturday brought many alumni back to campus to join in the weekend of festivities.

The Alumni office sponsored a marathon that kicked off the activities for the day. This was followed by the annual homecoming parade, complete with floats and fire trucks, sponsored by Blue Key. Meanwhile the soccer team waged battle with Olivet N. Col.

While students, alumni and faculty socialized in the beer and brats tent, the Puma football team defeated the Evansville Aces, 10-7. During the halftime ceremony, Mardee LaMere was crowned Homecoming Queen.

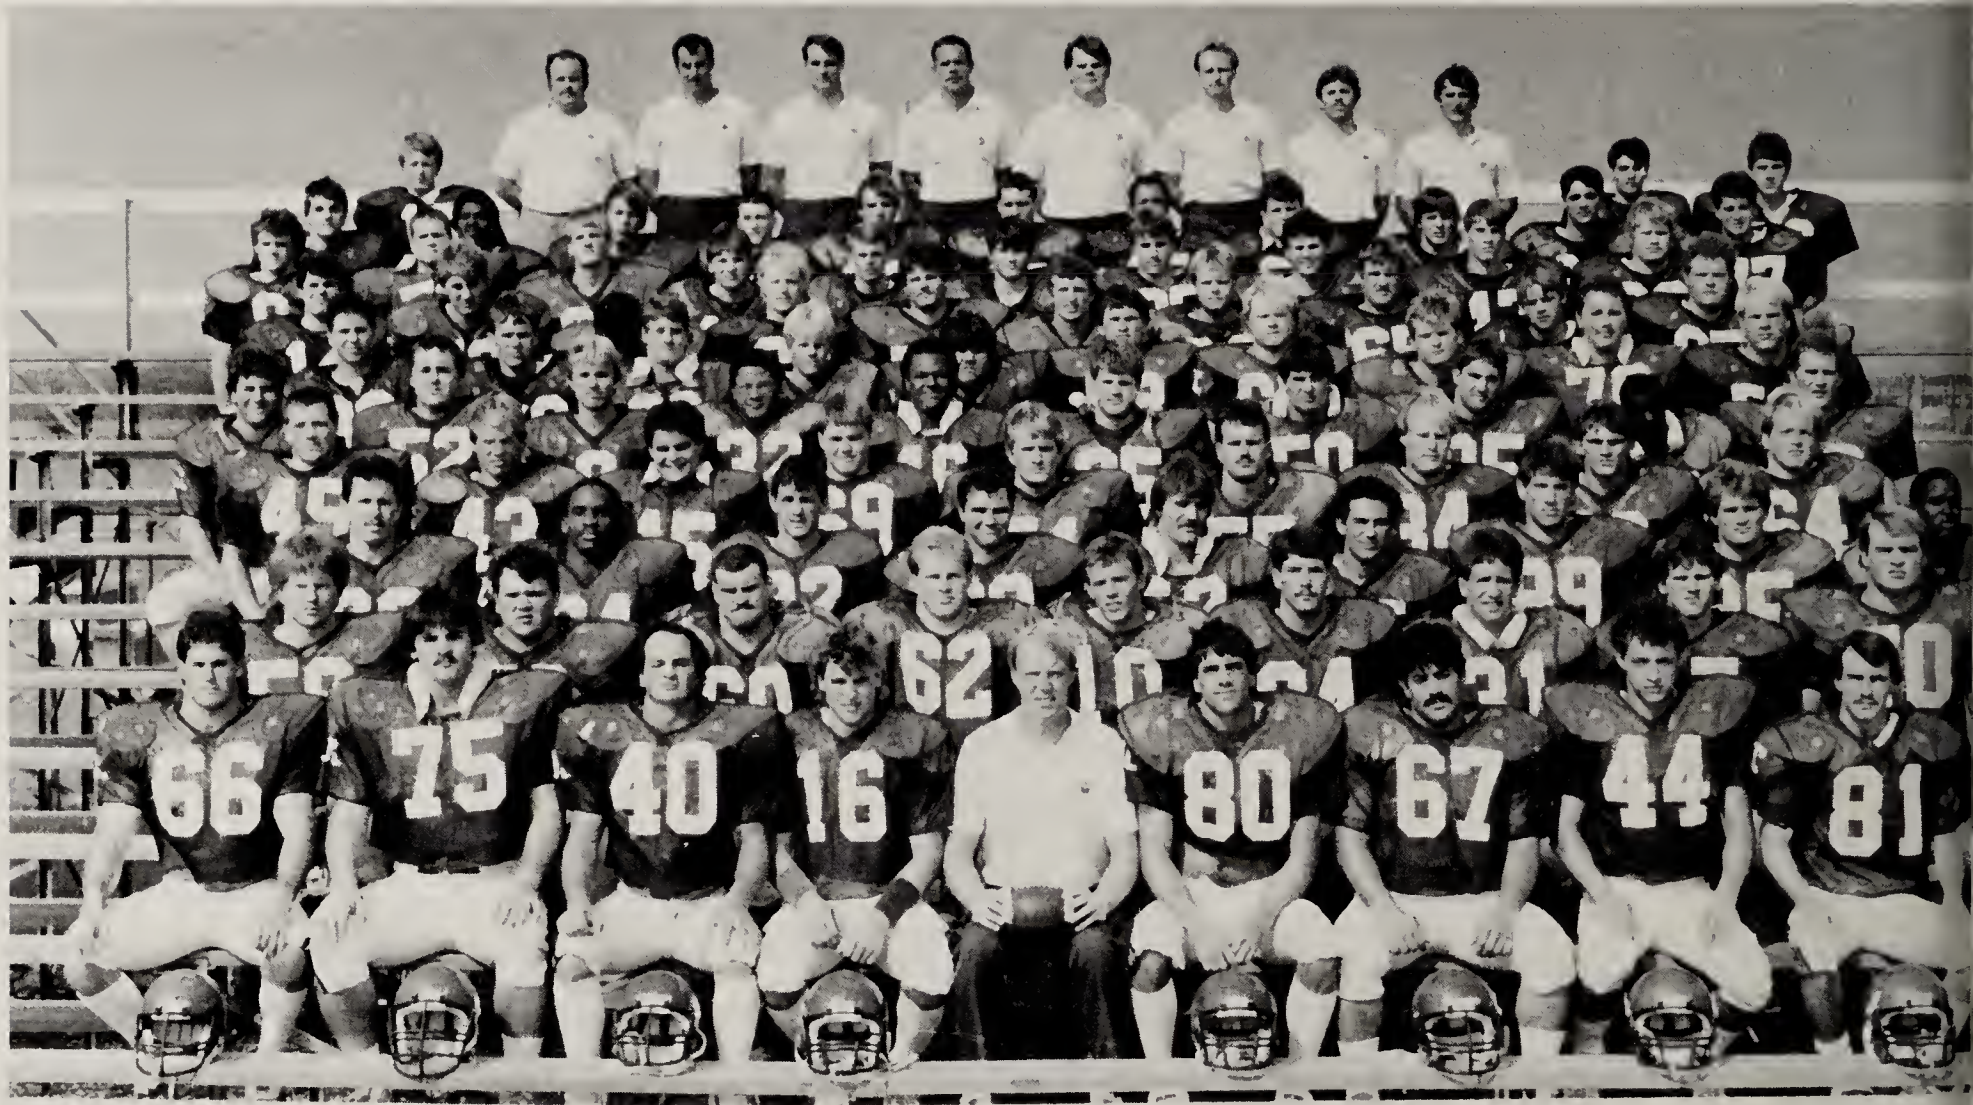

Later in the evening, Fr. Banet celebrated his 20th anniversary as president of the college. The Ballroom was filled with friends, family, colleagues and special guests.

The victory mixer was provided with entertainment by Cool Ray and the Polaroidz.

On Sunday morning, the weekend was capped off with a special 11:00 Mass. Music for the Mass was provided by the St. Joseph's College Choir.

WINTER

So much of the time that we are at Saint Joe's is spent in the dorms or doing things with the people on our floor or in our building. It may be as simple as sitting together at meals, participating in intramurals as a team, having cook-outs, or getting a group together to toss a football, frisbee, or baseball whether it be in sunshine, rain, or snow.

These are the people we come into contact with on a daily basis. Here is where we find our friends to share the laughs or the tears, the good times and bad. This is where the community of Saint Joseph's starts.

The Mentally Ill Among Us

Last report: A survey in 1971 by the New York State Department of Mental Health found that 1.5 million people in the United States are mentally ill. Estimates of the nation's mentally ill population range from 1.5 to 2.5 million. Experts estimate that the chronic mentally ill make up about a third of the total—roughly one out of the six who have a variety of psychological and emotional problems.

As the year moves on, events take place that tend to separate the seniors from the rest of the student body. Seniors begin to realize that they are moving on in life. Their next step is just around the corner — starting careers, families, etc. — with all the worries and anxieties as well as joys and merriment that accompany these steps. It is with this in mind that this section is dedicated to the Class of 1986.

It is with pride and a true sense of accomplishment that we present the 1986 edition and supplement of "Phase." As with any yearbook, this publication is intended to provide a glimpse of the people and events that are Saint Joseph's College. Hopefully, in the years to come this edition will be a source of fond memories of the people and things that you experienced.

The Student Affairs staff volunteered to assume responsibility of advisorship for *Phase* during the summer of 1985. This was our response to suggestions that perhaps it would be in the best interest of the institution to discontinue publication of the yearbook. We felt that the *Phase* was an integral part of the community at Saint Joe's and if it were to end, so would a proud tradition.

Therefore, we embarked on a learning experience to complete a monumental task. We gratefully acknowledge the efforts and contributions of our student photographers and staff.

Finally, to Donna Arington our warmest thanks and profound respect for her encouragement, expertise, and support.

SPRING

Out taking in the warm weather and sunshine — skipping stones at the lake or posing on the stairs of Noll for a snapshot.

...all the joys of housing and room selection, don't we?! What should be a rather simple process seems to end up becoming quite complicated and sticky for some.

Seniors enjoying a friendly game of basketball at Lake Banet.

Breath of Fresh Air

As classes begin to wind down and final exams set upon us, time seems to slip away quickly. One thing that we don't let pass us by is the onset of spring and the chance to be outdoors. Everyone wants to leave the books behind for just a little while and catch some rays. Frisbees, kites, and softballs are pulled out from the back of the closet and bikes are set free from chains that kept them bound to the stairwells of Justin. The scent of charbroiled hamburgers and hotdogs fill the air as the picnic scene once again becomes a popular notion.

The Return of Astonishing Neal

Once again, one of the largest attractions of the year was the appearance of the hypnotist, Astonishing Neal. Neal captured the attention of the audience and kept them spellbound for over three hours. However, as Neal himself pointed out, it isn't he who makes the show so enthralling and exciting. Rather, it is in the hands of the participants who were willing to open their imaginations (with Neal's assistance) for all to see.

Ground Breaking

"Colleges don't grow by themselves. They are built by people who believe in them."

The people who believe in Saint Joseph's College made it possible to break ground on March 19, 1986, The Feast of Saint Joseph, for a recreation center. This building will serve the individual needs of students in the areas of intramural sporting activities as well as personal physical fitness. A covered connecting walk will provide a convenience for individuals using the facilities of Raleigh Hall, the Memorial Alumni Fieldhouse, and the new recreation center.

A multi-purpose floor will incorporate three courts which may be used for volleyball, floor hockey, tennis, badminton, or softball. And, a five-lane running track is provided at the perimeter. Portable racquetball courts will also be available for play when the building opens in mid-August, 1986.

Many people are responsible for the idea of a recreation center becoming reality; among these are trustees, administrators, students, faculty and other friends who believe in Saint Joseph's College.

Little Sisters

Through the diligent efforts of some of the female resident assistants, Little Sisters Weekend was resurrected. This weekend was designed to provide a designated time for younger sisters to spend time with their big sisters. Events planned for the visitors were a scavenger hunt, pizza party, video movies, mass and a cookout.

Everyone turned as they boarded the Senior-sponsored bus. It was bound for Chicago and the annual St. Patrick's Day Parade. As pictured below, the bus apparently detoured to McDonald's at some time (for Shamrock shakes).

Justin Hall added to the Saint Patrick's celebrations by hosting a social in the Ballroom.

Senior Banquet

As second semester is well under way, the Alumni Office sponsored the Senior Banquet. This event is one of the first of many activities during this semester which recognizes the senior class. Some of the members of the class are presented with awards. At this time Mardee LaMere was announced as Senior of the Year.

Comedy Week

Comedy week began with the roommate game. As pictured at left and below, roommates were questioned (some rather embarrassing at that) in hopes to discover how accurately they knew their roommates.

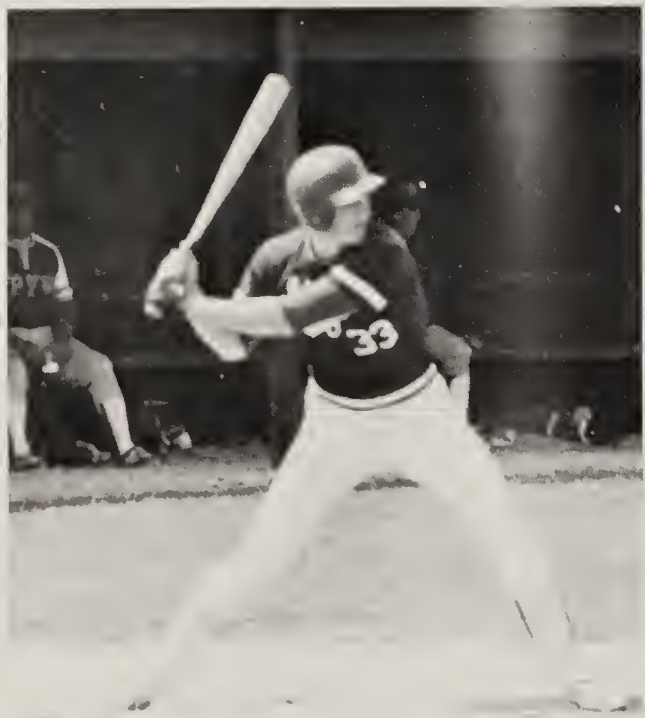

Comedy week was awaiting students as they returned from various points for Spring Break. Three traditional events were set for this time. They were Roommate Game, Dorm Feud, and Talent Show. Students had an opportunity to compete against other roommates as to how well roommates knew each other, as dorms answering questions from a student-pollled survey, or to demonstrate their talents in various areas. Musical acts took the billing as the most popular type of act.

Above: Mark Madison showed great versatility as he performed on both the piano and guitar.

Left: Joannie Horvat added variety with her mime act. It was good enough to place her among the winners.

Awards and Contests

The Academic Office annually hosts the Academic Awards Banquet. Those students making the dean's list are invited to attend. Special recognition is given to those students who receive awards from the various academic departments.

The Communications department sponsors the Anthony Cappuccilli Speech Contest. This year's contestants were Tom Bewsey, Deborah Kapraun, and Nancy Pope.

BENNETT PIG ROAST

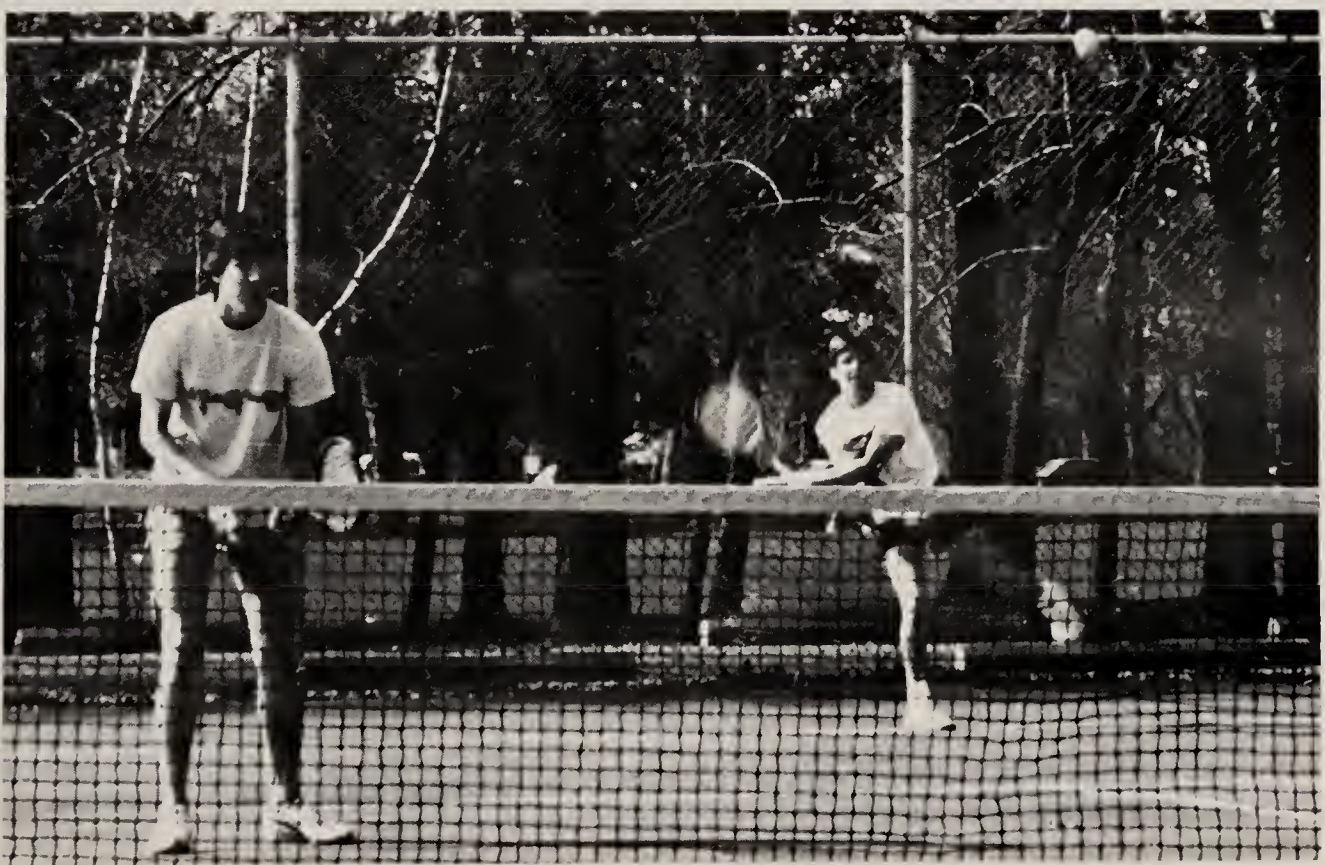

On Saturday, April 12, Bennett Hall sponsored its 11th Annual Pig Roast. The residents, along with several alumni, provided a menu of roast pig, biscuits, salads, and beverages. The event was open to all members of the college community and was well attended in spite of the weather that turned cool and rainy by late afternoon.

LITTLE 500

The 23rd Annual "Little 500" Go-Kart Race was held on Saturday, April 19. The race and related activities were many months in the planning and much credit is due the "Little 500" committee.

In preparation for the race, Scott Keyser and his pit crew ready cart #34. Scott earned the pole position and finished in first completing a record-breaking 225

With Fr. William Kramer as the Grand Marshall, the pre-race activities began with the presentation of the "Little 500" court and queen Maureen Field. The men of Seifert continued their tradition of sponsoring a cook-out on turn #3 and the weather cooperated by providing a sunny day.

BEGINNING OF THE END

Puma Couple

Commencement Weekend activities began Thursday evening with a party in Core XI. The party was the first opportunity for seniors to relax together and celebrate the completion of final exams. Friday morning the seniors were treated to a Champagne Brunch in the ballroom. During the brunch a presentation of certificates were awarded to various class members by Debbie Dixon. The evening event was a dance with cocktails and hors d'oeuvres for seniors and their guests.

It Will Be We Who Dare To Dream

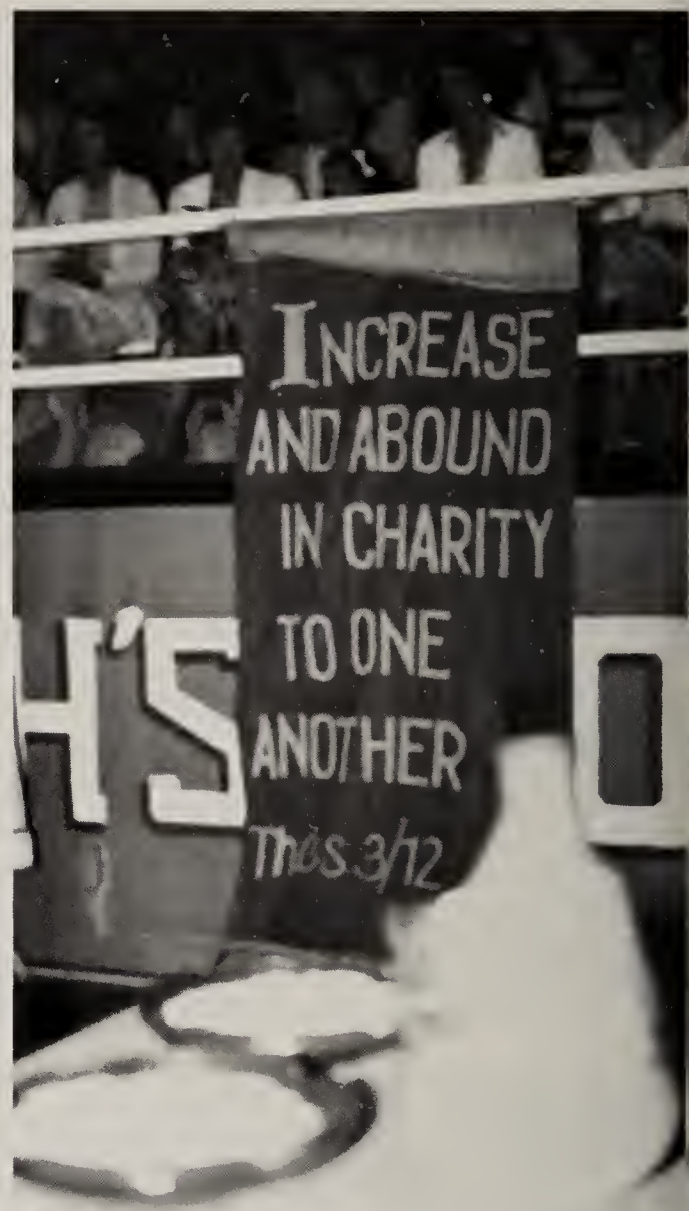

The Baccalaureate Mass was held in the fieldhouse on Saturday, May 3, 1986. Over 600 family and friends joined the seniors and members of the Saint Joseph's College community to celebrate the forthcoming Commencement. In keeping with the theme chosen by the Commencement Committee, "It will be We Who Dare to Dream," the participants in the liturgy spoke and sang of peace, friendship and anticipation for the future. Fr. Charles Banet, as principle celebrant, led the liturgy.

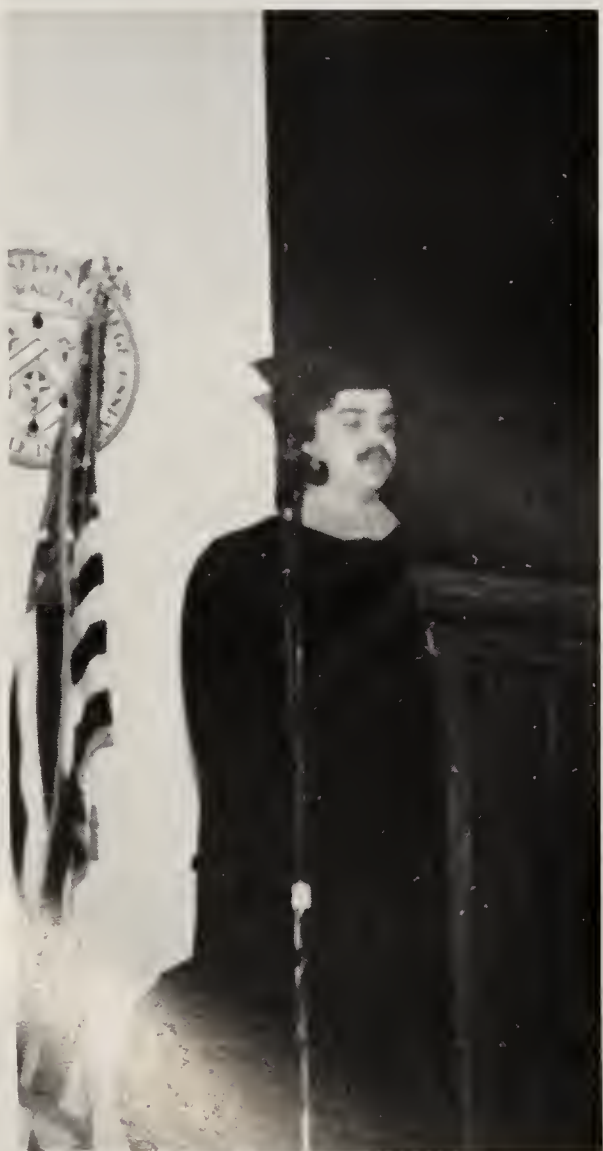

Above: The folk group comprised of both graduating seniors and underclassmen enhanced the celebration with their contribution of voice and instruments. The Baccalaureate Committee who worked throughout the year in preparation for this liturgy selected two contemporary songs as representative of the class. These songs were Mr. Mister's "Kyrie" (Kyrie eleison translation is Lord, have mercy) and "That's What Friends Are For" performed by Dionne Warwick.

Right: Seniors and faculty robed for the Baccalaureate Mass in the Ballroom before processing to the fieldhouse.

Each senior was handed a rose to present to someone significant during the mass. Tom Madura was one of the seniors asked to read at the mass. Seniors John Sanchez, Diana Szucs, along with Mr. and Mrs. Jennings, brought the gifts before the altar.

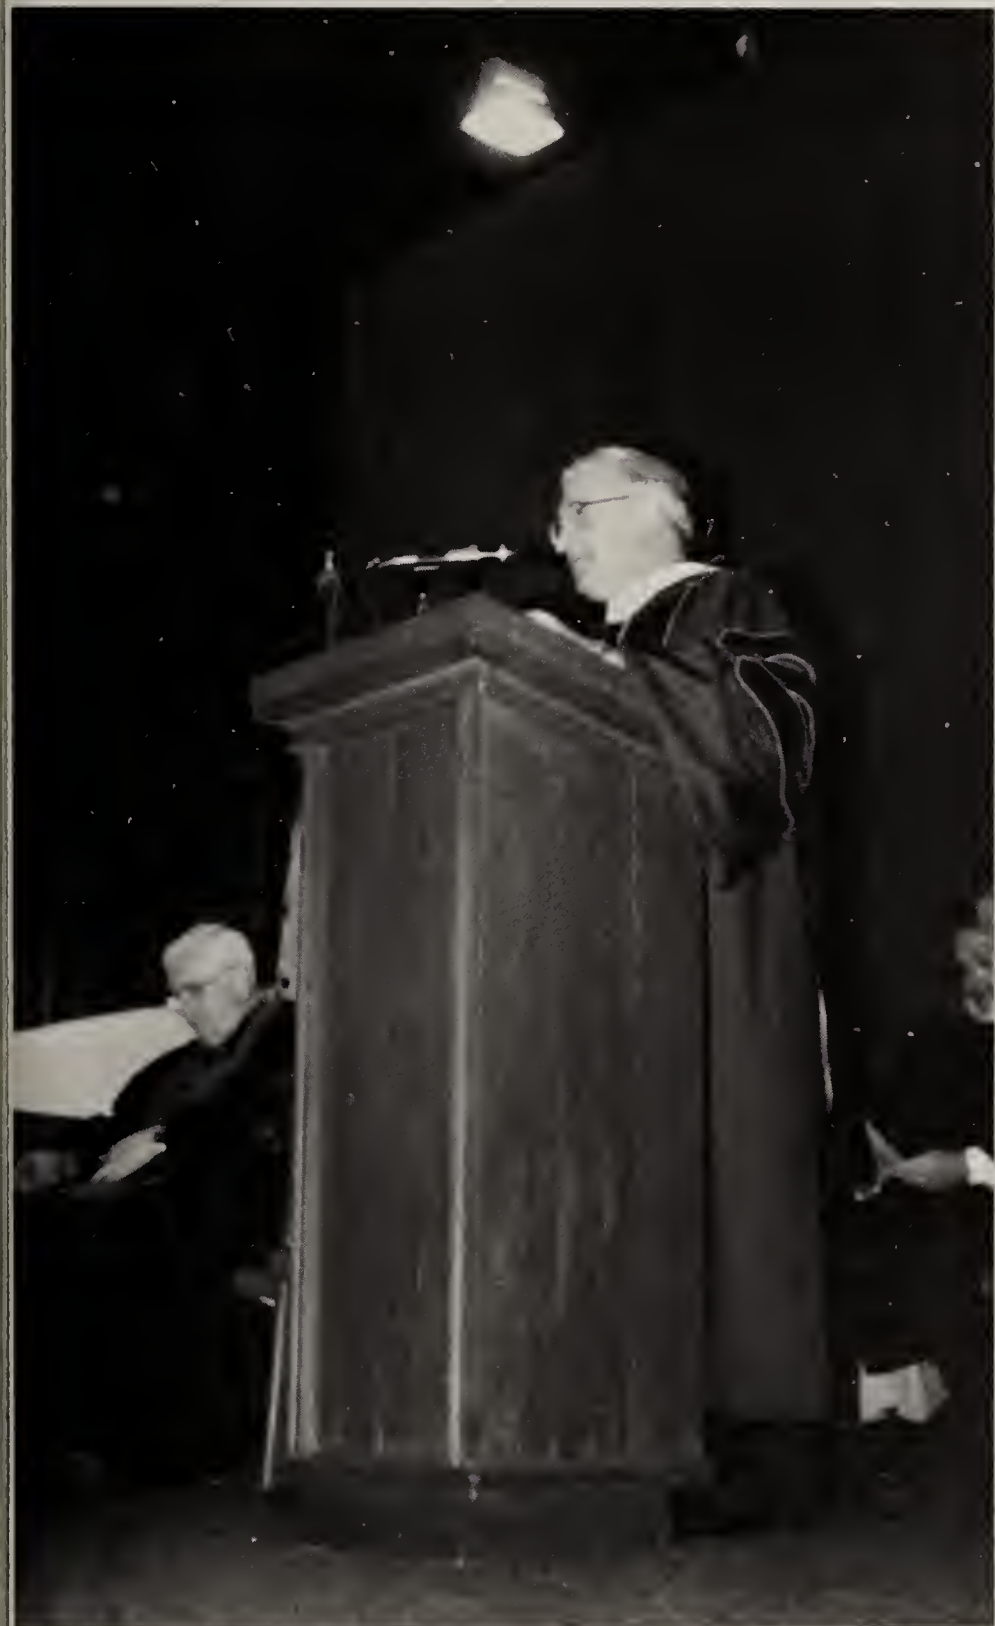

The 91st Annual Commencement Exercises were held on Sunday, May 4, 1986 in the Saint Joseph's College fieldhouse. The college conferred 123 degrees and recognized 28 degree candidates. The exercises were presided over by Rev. Charles Banet, President of the College, who was joined on the stage by officers of the College, The Most Reverend William L. Higi, Bishop of Lafayette, Indiana, the three honorary degree candidates, valedictorian Ralph Loura, Senior of the Year Mardee LaMere, and Alumni Board President Ray B. Merritt.

The first presentation was made by Ray B. Merritt to Mardee LaMere as recipient of the Senior of the Year Award. Following Mardee's acceptance speech, Ralph Loura presented his valedictorian address. Both speakers reflected on their experiences at Saint Joseph's and expressed their gratitude to family, friends, and the people of the college.

The Commencement Address was given by the Most Reverend James W. Malone, Bishop of Youngstown, Ohio. The theme of his speech was to inform the graduates that they have a responsibility to be concerned and become involved in world issues such as world hunger and the nuclear arms race.

After the speeches, the honorary degrees were awarded to James E. Madden, The Most Reverend James W. Malone, and James F. Zid. Once these presentations were completed the baccalaureate degrees were conferred by Fr. Banet and John Nichols, Vice President for Academic Affairs.

Above: Graduates carried their hoods to the fieldhouse. The hoods were conferred on them by Mr. Owens and Father Froelich before ascending the stage to receive their diplomas.
